

# The Agora

## Number 14, Spring 2005

*The Agora annually presents writings by Lynchburg College students and faculty. Contributors participate in the Lynchburg College Symposium Readings (LCSR) program, which integrates ideas from classical selections with contemporary ideas and issues. LCSR classes encourage students to think deeply about current issues and to become sensitive to the interdisciplinary influence of classical ideas.*

*The LCSR program was conceived in 1988 by Lynchburg College faculty.*
